Whimsical Publications, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.A brutally, murderous drug heist on a deserted Florida beach, the gruesome torture killings of two young men in different cities hundreds of miles apart, a rare and highly collectable Special Forces fighting knife, the street abduction and subsequent gang-rape of an innocent young schoolgirl, another botched drug deal that leaves five bodies lying on the debris-strewn ground of a Detroit wasteland, a modern-day cowboy and a full-blooded Jicarilla Apache Indian. Special Agent in Charge Jim Clarkson, and his young DEA assistant know all of these things are somehow related. The only problem is-they don't know how. What they do know is the clock is running and the body count is mounting, and if they don't put all the pieces together real quick, a lot more bodies are going to be added to the final tally. About the Author: Daniel Cassidy Daniel was born and is still living in Liverpool, UK. He has a keen interest in military history in general, and a specific interest in the history of the Old American West. He is a collector (and shooter) of Western period fire-arms, with a great interest in firearm history and development, and is also an avid participant in the popular sport of Cowboy Action Shooting. Daniel has been (very happily) married for the last 40 years to his lovely wife Evelyn. They have been blessed with three strapping boys-Steven, Sean and Nathan (all now fully grown)-and with an incredibly loving, and lovable grandson-Liam.
