LOST BOOK OF ENKI

Bear & Company. Hardcover. Book Condition: New. Hardcover. 336 pages. Dimensions: 9.3in. x 6.1in. x 1.0in. Will the past become our future Is humankind destined to repeat the events that occurred on another planet, far away from Earth Zecharia Sitchins bestselling series The Earth Chronicles provided humanitys side of the story--as recorded on ancient clay tablets and other Sumerian artifacts--concerning our origins at the hands of the Anunnaki, those who from heaven to earth came. In The Lost Book of Enki, we can view this saga from a different perspective through this richly conceived autobiographical account of Lord Enki, an Anunnaki god, who tells the story of these extraterrestrials arrival on Earth from the 12th planet Nibiru. The object of their colonization: gold to replenish the dying atmosphere of their home planet. Finding this precious metal results in the Anunnaki creation of homo sapiens--the human race--to mine this important resource. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet What motives propelled them to settle on Earth--and what drove them from their new home Convinced of the existence of a now lost book that formed the basis of ancient Sumerian texts holding the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first astronauts. What takes shape is the story of a world of mounting tensions, deep rivalries,...
