Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Medical Handbook: For the Use of Lighthouse Vessels and Stations This handbook has been prepared for the benefit of officers and employees of the Lighthouse Service, whose duty on vessels and at remote stations may render it difficult at times for them to obtain necessary medical assistance or advice. In all cases of serious sickness or injury, however, medical attendance should be obtained as soon as practicable. Written directions must very imperfectly supply the place of the physician and surgeon. With a medicine chest and handbook it is not possible to provide for and explain to persons who have not had a medical education the treatment of more than a few of the commoner diseases. Medicine chests, equipped with the list of articles given herein, will be supplied to the vessels and remote stations, as approved. Such chests must be kept accessible, frequently inspected, and fully equipped. The dates when obtained must appear on all medicines and packages, and they must be renewed when no longer serviceable, according to the length of time stated in the list of medicines and articles. Sick or disabled persons employed on vessels of the Lighthouse Service will be admitted without charge to relief stations of the United States Public Health Service upon application of their respective commanding officers. This handbook is a revision for the use of the Lighthouse Service of the Medical Handbook, 1912, revised by W. J. Pettus, Assistant Surgeon General, from the Handbook for the Ship s Medicine Chest, prepared by George W. Stoner, surgeon, United States Public Health Service, by direction of the Surgeon General of that service. About the Publisher Forgotten Books publishes hundreds...
