Therefore the spatial and economical externalities of one of the stepchildren of the urban planning should be examined. To show the economic backgrounds the market developments will be described from the demand and support side. How do societal, technological and time changing factors or processes like concentration, globalisation and privatisation determine the development of the entertainment market According to the changed demands, the market has produced constantly new forms of leisure time facilities. But only a certain number of types like musical theatres or leisure parks has a spatial importance because of its amount and size. But the main focus keeps on Urban Entertainment Center as the new generation of those facilities. A short introduction into the...
