The American Psychiatric Publishing Textbook of Suicide Assessment and Management (Hardback)

By -

American Psychiatric Association Publishing, United States, 2012. Hardback. Book Condition: New. 2nd Revised edition. 254 x 180 mm. Language: English . Brand New Book. The second edition of The American Psychiatric Publishing Textbook of Suicide Assessment and Management has been extensively updated and expanded to more thoroughly reflect the challenges clinicians face in assessing and managing suicide risk - and ultimately in preventing tragedy. The number of chapters has been increased approximately 20 , from 28 to 34. In addition, 22 new chapter authors were recruited for the second edition, representing nearly half of the 50 authors from the first edition, to allow the reader to obtain a more varied and sometimes new point of view. Focusing on core competencies where appropriate, the book offers many new features: An extensively revised organization of sections and chapters to coincide with the natural sequence of events in evaluating and treating patients. Depending on where clinicians are in this series of events, they may more readily access information they need. A robust and entirely new section on suicide prevention that includes chapters on lethal means restrictions, suicide prevention programs, and current research related to prevention; A chapter on suicide in the military, which...
